

# MOTORCYCLE POLISH

LUCIDANTE PER MOTO

## PRODUCT PROPERTIES

Motorcycle Polish contains highly effective natural waxes. It cleans, preserves and protects in a working environment and protects against aggressive environmental influences, has a dirt and water-repellent effect. It provides a pronounced luster and treated surfaces. It is ideally suited for the removal of chain fat on the rear wheel rim. It is non-toxic and odorless.

## AREA OF APPLICATION

All painted surfaces on motorcycles.

## APPLICATION

Recommended for materials such as plastics, metal and glass-fibres. Shake well before use. Spray with a distance of 20/30 cm on the surface. Then polish immediately with a soft cloth. Before use, check for material compatibility at an inconspicuous location!

**ATTENTION:** Do not apply on hot paint surfaces and in direct sunlight. Let the product never dry out.

## CONSUMPTION

Depending on application.

## TECHNICAL DATA

Physical state: aerosol

Colour: white

Odour: characteristic

pH-Value (at 68 F): 7

Lower explosion limit: 2 Vol.-%

Upper explosion limit: 12 Vol.-%

Ignition temperature: > 340 C

Vapour pressure (at 68 F): 5 hPa

Density at 68 F: 0,8 g/cm<sup>3</sup>

Water soluble
